

Theatre Classes

We know we do theatre education different,
because we do it with a higher purpose – **to Glorify God**.
All of our curriculum is original and focuses on building character and
real skills within our students.

Each class has a Bible verse that serves as the basis of our work,
planting the Word of God into the mind and
heart of each student.

Our class materials feature stories directly from the Bible or a
classical tale that highlights the Gospel message of Jesus Christ,
filled with Biblical morals that our students can remember.
